

Reproductive Justice

WHS presented a reproductive justice workshop at The "Get Smart B4U Get Sexy" conference convened September 2014 by Black Women for Wellness in Los Angeles.

"Every woman should know this information. This is so important!"
Participant at a WHS health class

WHS provided educational sessions to youth ages 12-18 attending the July 2014 Tribal Youth Preparedness Cultural Camp at Whiskeytown Environmental Camp, CA.

Annual Report 2013-2014

A Message To Our Communities

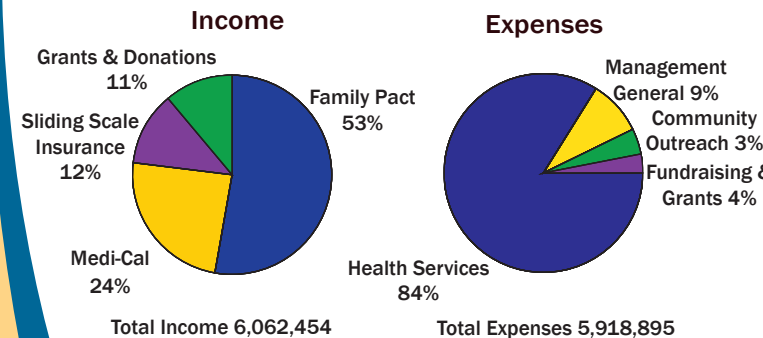

Thank you for your encouragement and long lasting support of Women's Health Specialists and our many services to the community.

Our 2013-14 partnership with Covered California and the Sierra Health Foundation, started an outreach project to assist women in gaining access to care with the new healthcare system in California known as the federal Affordable Care Act. Our advocacy efforts are refocused to help women exercise their right to reproductive health care under the ACA.

Working with Project ReLATE (Rural Leadership Advanced Training Effort) we are making inroads in training the new generation of abortion providers in our Redding and Chico clinics.

Give the gift of access by donating to WHS.
Shauna Heckert, Executive Director

FY 2013-2014 Income and Expenses

Our Mission

We have a vision: A world where women control their own bodies, reproduction and sexuality. Women's Health Specialists is dedicated to providing women-controlled health care and advocating all options for all women.

Only with dignity and freedom of choice can women achieve their full potential.

"The clinic educates, protects and treats all people equal. WHS has broadened my views and I have changed my actions."

WHS client, college student

Covered California in Our Communities

Women's Health Specialists completed over 19,000 face-to-face Covered California educational sessions for residents in Shasta, Plumas, Butte, Sierra and Nevada counties, increasing the number of insured individuals and families in Northern California.

Outreach and Education

Community volunteer and school interns assemble speculum kits for the 10th annual Dido Hasper Speculum Giving Day. This day honors our founding director by giving the gift of self-empowerment through self-exam.

Advocacy For Access

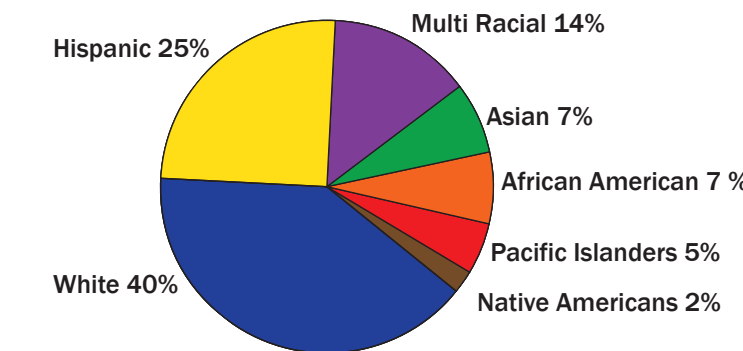

We brought the voices of our communities to the Capitol to advocate for a broad range of reproductive justice issues and legislation including SB 1053 for Contraceptive Coverage Equity, SB 1135 preventing Prison Sterilization abuse, and SB 138 for Confidential Health Information.

"I am determined to get involved and be a voice for those touched by the stigmas and barriers surrounding women's health care."
