## A Message to Our Communities

**OUR STRENGTH IS OUR COMMUNITY.** Over the last 41 years, we have weathered hostile political forces attempting to stop our mission. We will do so again: keeping our vision in focus - a world where women control their own bodies, reproduction and sexuality. With your help, **we will continue the fight, now more than ever, for reproductive justice and provide healthcare for all.**

*"It's hard to find a doctor or office that I connect to and feel takes care of me...but I have found it at Women's Health Specialists and I am so grateful!"*
