## A Message to Our Communities

Thank you for your continued support. We are proud to report that throughout this pandemic year we remain steadfast and strong. There have been multiple legal and physical assaults on women's rights throughout the country, and people of color and democracy itself are in peril. Women's Health Specialists proudly serves all people in our communities, without interruption, while vigorously standing for social justice.

We promise to continue to exert our full efforts to meet any and all impediments that may arise in these challenging times. We appreciate and count on your support for Women's Health Specialists to empower the next generation.

In solidarity and justice,  
Katrina Cantrell, Executive Director
